

HOTBOX ST

A HotBox made by CLENA can complement CLENA cold water high pressure washers to a hot water appliance, without you noticing any loss of performance.

EQUIPMENT

- Epoxy-coated steel frame with stainless steel cover
- Connection hose 1.5 m
- Heating capacity approx. 90 kW
- Flame monitoring (optical)
- Water inlet temperature up to 100 °C
- Thermal switch and flow monitoring

HOTBOX ST**MODEL VARIATIONS**
