

A HotBox made by CLENA can complement CLENA cold water high-pressure washers to a hot water unit, without you noticing any loss of performance.

EQUIPMENT

- Epoxy-coated steel frame with stainless steel cover
- Four-wheel chassis with rubber tyres
- Connection hose 1.5 m
- Heating capacity approx. 90 kW, Duo models approx. 2 x 90 kW
- Flame monitoring (optical)
- Water outlet temperature up to 100 °C
- Thermal switch and flow monitoring
- Diesel fuel tank capacity approx. 16 L

MODEL VARIATIONS

Art.No.	Article	Pressure bar	Flow rate L/min	Power supply	Fuel tank L Diesel	Dimensions L mm x W mm x H mm	Weight kg approx.
120041	HOTBOX ND	20	11-42	230 V, 1 phase	16	700 x 570 x 800	65
120601	HOTBOX 200	max. 200	11-28	230 V, 1 phase	16	700 x 570 x 800	65
120602	HOTBOX 300	max. 300					
120603	HOTBOX 400	max. 400					
120604	HOTBOX 500	max. 500					
120161	HOTBOX 200 DUO	max. 200	2 x 11-28	230 V, 1 phase	20	1000 x 680 x 760	135
120162	HOTBOX 300 DUO	max. 300					
120166	HOTBOX 500 DUO	max. 500					

EQUIPMENT OPTIONS (ONLY IN CONNECTION WITH UNIT ORDER)

Option	Art.No.
Chimney transition piece	
Rectangular 400 mm	CLAO0101
Inverter 12 V to 230 V control	CLAO0172
Inverter 24 V to 230 V control	CLAO0173
